- PennDOT reserves the right to limit or reject certain requests.
- Personalized registration applicants must have a valid registration plate which the applicant shall retain pending receipt of the requested personalized registration plate. Upon receipt of the personalized registration plate, immediately place the registration plate on the vehicle. The old registration plate is no longer valid.
- Requests for personalized registration plates are restricted to passenger vehicles, motorcycles, trailers, motor homes, or trucks with a registered gross weight of not more than **14,000 lbs**.

- To check personalized registration plate availability, visit PennDOT’s Driver and Vehicle Services website, www.pa.gov/dmv, and select Plate Availability from the list of services under the Online Services heading. Personalized registration plates will not be reserved until PennDOT receives payment and a completed application and approves your requested registration plate configuration [number(s) and/or letter(s)]. Please note that registration plate requests are processed on a first-come, first-served basis. Although a requested registration plate configuration may show as being available on the website, it is possible that a request for the same registration plate configuration may have already been submitted by another customer and may not be available when your application is processed.
- To replace a lost, stolen or defaced registration plate that is damaged, but not beyond recognition, complete and submit Form MV-44, "Application for Duplicate Registration Card or Replacement of Lost, Stolen or Defaced Registration Plate," along with a photograph or tracing of the registration plate for identification purposes. A registration plate is considered to be defaced when the registration plate is damaged by a specific incident such as a traffic accident, cutting, scraping or damaged caused by intense cleaning or harmful chemicals. There is a fee to replace a lost, stolen or defaced standard issue or specialty registration plate. If your defaced registration plate is a personalized registration plate, it will be replaced with the same configuration as before at no cost. Personalized registration plates that are lost or stolen are not able to be replaced with the same configuration. If your personalized registration plate was lost or stolen, we will replace it with the same style of registration plate, however, customers will be required to select a new configuration. The registration plate will be produced with the new configuration if it is available. Please make sure to indicate that you are replacing a defaced personalized registration plate on the front of the MV-44. If an immediate replacement registration plate is needed while waiting for your replacement personalized registration plate, please complete and submit a second Form MV-44, and the replacement registration plate fee. A standard issue registration plate will be issued until the replacement personalized, lost or stolen registration plate can be provided. **NOTE:** The replacement personalized registration plate will take approximately 6-8 weeks to receive in the mail from the time PennDOT receives and processes the application. **NOTE:** The replacement standard issue registration plate will take 7-10 business days to receive in the mail from the time PennDOT receives and processes the application.
- To apply for a **free registration plate**, due to current plate being illegible, the vehicle owner should visit our website at www.pa.gov/dmv and take Form MV-46, "Application to Replace an Illegible Registration Plate," to any official Pennsylvania inspection station for verification that their registration plate is illegible OR have a law enforcement official verify the need for a replacement registration plate on Form MV-46. The vehicle owner is then responsible for signing and returning the completed Form MV-46 to PennDOT in order to receive a replacement registration plate free of charge. Your registration plate will be replaced with the next registration plate in the series and with the same style of registration plate you are replacing. If your registration plate is currently personalized, PennDOT will replace it with the same style and configuration as the registration plate you are replacing. If replacing your personalized registration plate, please attach a photograph or tracing of the registration plate for identification purposes. **If an immediate replacement registration plate is needed while waiting for your illegible personalized registration plate, please complete and submit Form MV-44, "Application for Duplicate Registration Card or Replacement of Lost, Stolen or Defaced Registration Plate," and the replacement registration plate fee. If a customer submits the application outside of the 90 days, the customer must submit the required fee for each never received registration card requested and the required fee for each never received registration plate requested, along with the application.
- Personalized registration plates will be manufactured on the basis of this application. **NO REFUND** of the fee will be issued when an applicant cancels a request after the order is placed with the manufacturer.
